Afternoon run

Bus returns in reverse of morning stops, leaving Phoenix Charter School at **2:30pm**

The very nature of this bus route requires time flexibility – traffic and weather conditions mandate it.

It is advised that students arrive at their stop 10 min early and wait 10 min after the schedule time before assuming they have not been picked up. Be advised that the bus does NOT wait until times listed above before leaving for the next stop. Students waiting will be picked up and the bus will continue on to the next stop. Times are approximate to our best ability, the 10 minute either way window is a reasonable consideration.

Phoenix students are expected to be kind and courteous on the bus and follow all rules given to them by the bus driver and bussing company.
